

# INSIGHT

## Apply to Jane Street's INSIGHT programme!

We're inviting students who identify as women, transgender or gender-expansive to spend four days in our office learning more about what we do and how we do it through a set of trading and programming classes and activities. Attendees will receive an in-depth look into the ways we use math and computer science across our firm to solve problems and foster collaborative thinking.

INSIGHT has three different programme tracks students can apply for: software engineering, trading and strategy and product.. No prior knowledge of finance is necessary — only an eagerness to learn and enthusiasm about mathematics and computer science.

Jane Street will cover all travel expenses, as well as housing and meals. Reach out to [jsinsight@janestreet.com](mailto:jsinsight@janestreet.com) with any questions.

### When:

13th - 18th April  
2026

### Where:

Jane Street's  
London Office
